PRD 113 Foundations of Instructional Practice: Online/Hybrid II

Course Outcome Summary

Course Information

Alternate Title	Inst Pract: Hybrid/Online II
Description	This course is designed to help faculty members learn how to effectively teach a hybrid or online course utilizing Blackboard, the learning management system. Faculty members will learn the basic principles of online instruction and the best pedagogical online practices. This is the second course in a three part series in which faculty will focus on how to engage and assess students in the online/hybrid classroom.
Career Cluster	Education and Training
Instructional Level	Continuing Education
Total Credits	1
Total Hours	15

Types of Instruction

Instruction Type	Credits/Hours
Lecture	1/15

Pre/Corequisites

Course Outcomes

- 1. The faculty member will identify strategies to increase participation and quality of online class discussions by identifying primary source documents (electronic) and using higher level thinking questions.**

Status Active

Criteria

- 1.1. Review best practices for facilitating productive discussion forums
- 1.2. Review the characteristics of higher level thinking questions
